This will be a great time for us to have a fun, productive weekend on the beach, practice parade marching for Homecoming, finalizing memorization for the field show, and grow as a band. Please remember, under no circumstances is anyone to enter or **touch** the ocean at any time. Not following this rule will warrant a call to parents and you **will be sent home**. The ocean is very dangerous on this part of the coast and the safety of everyone is paramount on all band trips. A general schedule is included with this letter.

The cost for the weekend is \$75 payable to accounting. Make checks out to OCHS Band. If you would like to use money in your band account, please email the band treasurers. The money is due by October 1, 2023. Any funds not collected will be charged as a fine on the school student account. This could limit the student from attending dances or participating in future trips until the fine is paid to accounting. Please let Mr. Henson know if you have questions.
